SECTION: PUPILS

TITLE: FOOD ALLERGY
MANAGEMENT

ADOPTED: SEPTEMBER 24, 2014

REVISED:

<p>1. Purpose</p> <p>2. Authority SC 1422.3</p> <p>3. Definitions</p>	<p style="text-align: center;">209. FOOD ALLERGY MANAGEMENT</p> <p>The Joint Operating Committee is committed to providing a safe and healthy environment for students with severe or life-threatening food allergies and shall establish policy to address food allergy management in the center in order to:</p> <ol style="list-style-type: none"> 1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions. 2. Ensure a rapid and effective response in the case of a severe or potentially life-threatening allergic reaction. 3. Protect the rights of students by providing them, through necessary accommodations when required, the opportunity to participate fully in all center programs and activities, including classroom parties and field trips. <p>The focus of food allergy management shall be on prevention, education, awareness, communication and emergency response.</p> <p>The Joint Operating Committee adopts this policy in accordance with applicable state and federal laws and regulations, and the guidelines established jointly by the PA Department of Education and PA Department of Health on managing severe or life-threatening food allergies in schools.</p> <p>Food allergy - an abnormal, adverse reaction to a food that is triggered by the body's immune system.</p>

<p>Pol. 113</p> <p>Pol. 103.1</p> <p>4. Guidelines</p>	<p>Medical Plans of Care - written documents individualized for a particular student with a severe or life-threatening food allergy to address the student's needs throughout the school day, including:</p> <ol style="list-style-type: none">1. Emergency Care Plan (ECP) - a medical plan of care based on the information provided in the student's Individualized Healthcare Plan (IHP) and distributed to all center personnel who have responsibilities for the student which specifically describes how to recognize a food allergy emergency and what to do when signs or symptoms of these conditions are observed.2. Individualized Healthcare Plan (IHP) - a medical plan of care that provides written directions for center health personnel to follow in meeting the individual student's healthcare needs. The plan describes functional problem areas, sets goals for overcoming problems, and lists tasks or interventions to meet the goals. The IHP shall include a Food Allergy Medical Management Plan developed by a student's personal healthcare team and family, which shall outline the student's prescribed healthcare regimen and be signed by the student's board-certified allergist, family physician, physician assistant or certified registered nurse practitioner.3. Related Services Component in Individualized Education Program (IEP) - that part of an IEP for a student receiving special education and related services which includes reference to development and implementation of an IHP and ECP for students with a documented severe or life-threatening food allergy as well as identifying the medical accommodations, educational aids and services to address the student's needs.4. Section 504 Service Agreement - a medical plan of care which references development and implementation of an IHP and ECP as well as other accommodations, educational aids and services a student with a documented severe or life-threatening food allergy requires in order to have equal access to educational programs, nonacademic services and extracurricular activities as students without food allergies. <p>Prior to admission of a student into the center or immediately after diagnosis of a food allergy, appropriate medical plans of care such as an ECP, IHP, Section 504 Service Agreement and/or IEP shall be developed for each student identified with a food allergy. Plans shall be developed at the student's school district of residence in collaboration with the student's healthcare provider, the student's parents or guardians, district or center nutrition staff, the student, if appropriate, and any other appropriate persons.</p>
--	--

<p>Pol. 210, 210.1</p>	<p>Where a medical plan of care is developed, it should carefully describe the plan for coverage and care of a student during the school day as well as during center-sponsored activities which take place while the student is under the center's jurisdiction during or outside of school hours. Medical plans of care shall include a component which provides information to the center nutrition service regarding each student with documented severe or life-threatening food allergies.</p> <p>Medical plans of care should include both preventative measures to help avoid accidental exposure to allergens and emergency measures in case of exposure, including administration of emergency medication.</p> <p>A complete set of a student's current medical plans of care related to food allergies shall be maintained at the school district of residence and at the center. Information or copies of the different components of a student's medical plans of care shall be provided to appropriate personnel who may be involved in implementation of the medical plans of care.</p>
<p>Pol. 103.1, 113</p>	<p><u>Accommodating Students With Disabling Special Dietary Needs</u></p> <p>Students with food allergies may be identified, evaluated and determined to be disabled, in which case the center shall make appropriate accommodations, substitutions or modifications in accordance with the student's medical plans of care.</p> <p>The center must provide reasonable accommodations, substitutions or modifications for students with disabling dietary needs. The student's physician shall determine and document if the student has a disabling dietary need. Examples of a disability under this policy would include metabolic conditions (e.g., diabetes), severe food allergies or cerebral palsy.</p>
<p>7 CFR Sec. 15b.40</p>	<p>Students who fall under this provision must have a written medical statement signed by a licensed physician, which shall be included with the student's IHP. The medical statement must identify:</p> <ol style="list-style-type: none"> 1. The student's special dietary disability. 2. An explanation of why the disability restricts the student's diet. 3. The major life activity(ies) affected by the disability. 4. The food(s) to be omitted from the student's diet. 5. The food or choice of foods that must be provided as the substitute.

<p>Pol. 113.3, 209, 216</p> <p>5. Delegation of Responsibility Pol. 121, 246, 808, 810</p>	<p><u>Confidentiality</u></p> <p>The center shall maintain the confidentiality of students with food allergies, to the extent appropriate and as requested by the student’s parents or guardians. Center staff shall maintain the confidentiality of student records as required by law, regulations and Joint Operating Committee policy.</p> <p>The Administrative Director or designee, in coordination with the pertinent staff, shall develop administrative regulations to implement this policy.</p> <p>The Administrative Director or designee shall annually notify students, parents or guardians, staff and the public about the center’s food allergy management policy by publishing such in the student handbook.</p> <p>References:</p> <p>School Code – 24 P.S.
